

Compatibility with Mac OS v10.14 Mojave/v10.15 Catalina/v11 macOS Big Sur

4/20/2021

Note: *Please note that we have discontinued our support for any products not listed in these charts.

We have tested new products with the latest versions as of April 2021.

Notes about macOS Catalina and later: Please use only with Apple standard driver. KORG USB-MIDI Driver cannot be used on macOS Catalina and later. Please uninstall the KORG USB-MIDI Driver and use the standard driver. Please refer following link: <https://www.korg.com/news/2019/112902/>

You can download the latest versions for free at <https://www.korg.com/us/support/download/> (except some products with notes as follows).
**: All our software do not support Snow Leopard 64-bit mode.

Product Name	v10.14 Mojave support	v10.15 Catalina support	macOS Big Sur support (Intel)	macOS Big Sur support (Apple Silicon)	
USB-MIDI Driver
